Projects

- 2020-07 to 2020-09** **“WaitLess” – Queueing App Prototype**
Team Lead - <https://github.com/ammanyusuf/WaitLess>
- Designed a queueing application for University students advising by employing the principles of UX/UI design.
 - Using Adobe XD I constructed a high fidelity, fully interactable user interface.
 - Conducted research of end users using IDEO card methods.
 - Tested the look and feel of the interface through a Heuristic Evaluation.
- 2020-02 to 2020-04** **“Journalr” – Journal Web Application**
Team Lead - <https://github.com/ammanyusuf/Journalr>
- Developed a platform to manage the interaction between Authors, Reviewers, and Editors of a large University journal collection.
 - Designed a database schema using MySQL to store user information as well as written journals.
 - Learned and utilized the Spring Framework to manage the interaction between the front-end and back-end development.
 - Stylized the web-application with HTML5, CSS, and Bootstrap.
- 2020-02 to 2020-04** **“Travollor” – Traveler Management System**
Code Builder/Reviewer - <https://github.com/ammanyusuf/Travollor>
- Built a traveler management system that deals with tourists finding the best deals and recommendations as provided by locals in cities.
 - Constructed the database schema to represent all interactions in the MySQL database
 - Connected the logic of the application and the database with the ASP.NET framework. Tested project endpoints with Postman.

Work Experience

- 2020-07 to 2020-09** **IT Support**
Champion Driving School, Calgary, AB
- Maintained and edited the company website through WordPress.
 - Assisted in the set-up of a Virtual Classroom for student use.
 - Resolved technological issues in a timely manner.
- 2019-06 to 2019-08** **Customer Service Representative**
Champion Driving School, Calgary, AB
- Utilized strong interpersonal and communication skills to serve customers and address their needs and concerns.
 - Managed incoming and initiated outgoing calls pertaining to scheduling and purchasing driving lessons.
 - Scheduled driving lessons for 20 students at a time.
